

TRADEWIND FLIGHT SERVICES INC.

Flight & Aircrew Training | Special-Mission Flight Operations | Aerial Surveillance

CORPORATE OVERVIEW

Tradewind Flight Services provides government and commercial aviation services centered on flight and aircrew training, special-mission flight operations, and aerial surveillance. Our Team combines Part 61 and Part 141 training capabilities with documented performance conducting recurring aerial range sweeps, environmental-monitoring flights, forestry fire-detection patrols, and structured pilot-development programs. We support each mission with aircraft, qualified aviation personnel, operational planning, safety discipline, imagery and data collection, and accountable reporting.

COMPANY DATA

Tradewind Flight Services
820 Aviation Drive
New Bern, NC 28562

UEI: UL83H6DF4GF7
CAGE: 17RR4

CORE COMPETENCIES

Flight & Aircrew Training

- Part 61 Pilot Training
- Part 141 Pilot Training
- PPL, Inst., Commercial
- CFI & CFII Paths
- Ground School
- Recurrent Training
- Time-Building
- International Training

Special-Mission Flight Ops

- Air Operations
- Mission Scheduling
- Aerial Fire Detection
- Forestry Reconnaissance
- Restricted-airspace Ops
- Range Coordination
- Weather Assessment
- VFR Mission Execution

Aerial Surveillance Reporting

- Range sweeps
- Compliance Flights
- Environmental Observation
- Protected Species Ops
- High-resolution Imagery
- Geolocation Data
- Real-time response reporting
- Safety Documentation

DIFFERENTIATORS

01

Integrated Delivery

We deliver aircraft, personnel, mission coordination, imagery, and observation data under Federal requirements

02

Reliable Results

Successive Marine Corps awards, recurring Commercial missions, Repeat demand from aviation customers

03

Training Depth

We provide commercial, military, government agencies, collegiate, international, and professional pilot programs

04

Partner Ready

Aviation and Federal support posture with programs, education, and facility-support experience that strengthens teaming

NAICS

- 611512 Flight Training
- 541922 Forest Services
- 488190 Air Transport
- 561110 Office Admin
- 489119 Airport Ops
- 541611 Admin Mangt.
- 541330 Engineering

FEATURED PAST PERFORMANCE

U.S. MARINE CORPS

MCAS Cherry Point Aerial Range Sweep Services

Fixed-wing surveys across BT-9 and BT-11 providing aircraft and flight crews, restricted-airspace coordination, imagery, geolocation, environmental observations, Range Control notifications, and mission reporting.

WEYERHAEUSER

Aerial Fire Detection & Forestry Reconnaissance

Aerial fire-detection patrols, forestry reconnaissance, flight planning, boundary verification, communications, aircraft and pilot support, operational records, and safe aviation execution.

DoD & COLLEGIATE

Specialized Pilot Training Programs

Ground and flight training to include liaison-pilot supported programs for the military, international pilot training, C-208 training, and partnership programs with collegiate institutions.
